The goal of the teach-in is to:

- (1) engage a concentrated and serious dialogue that illuminates the responsibility of educators in the wake of racial violence,
- (2) make visible the set of curricular and pedagogical implications stemming from these situations, and
- (3) model humanizing, critical and creative curricular and pedagogical activities that educators might implement in their classrooms to address racial violence and heal the wounds of our aggrieved communities of color.

The teach-in is intended for educators at any stage in their academic career, but all are encouraged to attend.
